## DETAILED ACTION

### *Response to Amendment*

The reply filed on September 25, 2006 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

Revised Amendment Practice 37 CFR 1.121, effective July 30, 2003, states:

Amendments to the specification, including amendment to a section heading or the title of the invention which are considered for amendment purposes to be an amendment of a paragraph, must be made by submitting:

(i) An instruction, which unambiguously identifies the location, to delete one or more paragraphs of the specification, replace a paragraph with one or more replacement paragraphs, or add one or more paragraphs;

(ii) The full text of any replacement paragraph with markings to show all the changes relative to the previous version of the paragraph. The text of any added subject matter must be shown by underlining the added text. The text of any deleted matter must be shown by strike-through except that double brackets placed before and after the deleted characters may be used to show deletion of five or fewer consecutive characters. **The text of any deleted subject matter must be shown by being placed within double brackets if strikethrough cannot be easily perceived;**

(iii) The full text of any added paragraphs without any underlining; and;

(iv) The text of a paragraph to be deleted must not be presented with strike-through or placed within double brackets. The instruction to delete may identify a paragraph by its paragraph number or include a few words from the beginning, and end, of the paragraph, if needed for paragraph identification purposes.

The amendments to the claims are illegible and are not easily perceived. There are claims (i.e., claim 30) that are listed as "currently amended", however, the amendments cannot be positively determined. Likewise, there are claims listed as

"original" that have numerous markings above and below the lines and it is unclear whether these markings constitute amendments or are just miscellaneous markings.

Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
